The Van Gogh series features a combination of sweeping curves and fine edges that work together to form a modern, clean silhouette. Thanks to the striking polished aluminum trim, Van Gogh represents the best in prestige and design. The desktop overhangs the contoured legs that elegantly taper to the floor, which creates a distinct two-tier structure to the desk. The return unit features a sliding tabletop that docks to the cabinet, which adds more surface space to your office. The drawers are finished in a fine piano black gloss. In addition to a variety of other decorative finishes.

Van Gogh represents the highest in sleek detail, bold design, and 21st century workspaces. The desk features an elegant arch design, which is emphasized by the sweeping aluminum trim. The innovative modesty panel is mounted independently from the table legs, while still retaining stability. Aluminum trim is also featured on the credenza, which has a sliding table top.

The traditional L-shaped layout meets a high-tech cable management system in this versatile office configuration. The open bookcase is accented by contrasting dividers, adding a creative look to your office.

The full-featured U-shaped workstation provides maximum functionality by making efficient use of office space. L-shaped desk combined with the return unit allows you to organize all of your files while providing endless desk space.
